MEMORANDUM FOR: Assistant Director, OSA  
SUBJECT: Satellite Operations and Schedules

1. Satellite operations and schedules were discussed with [redacted] on 3 May and I was informed that a full schedule had been prepared by NRO, however, to date it has not been received by OSA. [redacted] will take action to transmit a schedule.

2. The satellite programs and mission numbers known to personnel of this office are as follows:

Missions Numbered in the 1000 Series	CORONA/J
--------------------------------------	----------

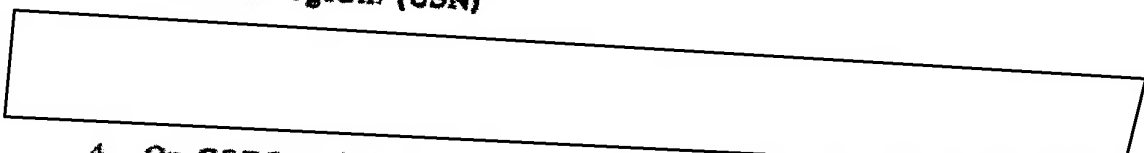

[redacted]	
------------	--

Missions Numbered in the 8000 Series	CORONA/L
--------------------------------------	----------

Missions Numbered in the 9000 Series	CORONA/M
--------------------------------------	----------

MIDAS Program (USAF)

TRANSIT Program (USN)

4. On CORONA/M Missions 9054 and 9056 efforts are being made to coordinate aircraft photography with the satellite photography on passes over the United States. The satellite program has been given the name of "P" experiment which I understand relates to the 240 inch camera. Coordinated passes may be accomplished on any of three days during the operation. The present schedule on 9054 is 8 May, however, it will
